

While in the drug editor, select "Add a Generic Drug".

\*Add/Delete a T-Class Link will no longer be in your menu

| Add a Generic Drug<br>Modify or Delete a Generic Drug | Add a Brand Drug<br>Modify or Delete a Brand Drug | Add/Delete a Form Code |  |  |
|---|---|------------------------|--|--|
| Display Generic Codes                                 | Display T-Class Codes                             | Display Form Codes     |  |  |

Type at least the first 4 letters of the generic drug name, and choose the drug from the list.

| / | ADD NEW GENERIC:         |  |  |  |  |
|---|--------------------------|--|--|--|--|
|   | Generic Name:            |  |  |  |  |
|   | leup                     |  |  |  |  |
| ] | leuprolide               |  |  |  |  |
|   | leuprolide-norethindrone |  |  |  |  |
|   |                          |  |  |  |  |

Under the Generic Name, you will see Therapeutic Class(es).

|         | ADD NEW GENERIC:       |            |               |
|---------|------------------------|------------|---------------|
|         | Generic Name:          | DEA Class: | Generic Code: |
|         | leuprolide             | ~          | 901353        |
|         | Therapeutic Class(es): |            |               |
| $\zeta$ | Select a T-class       |            |               |

Click in the box where you see "Select a T-class

When you begin typing (either the therapeutic class name or number), you will see a list of choices begin to show up. Type as much as you want, but when you see what you are looking for click on it to select it.

| ADD NEW GENERI | C: |
|----------------|----|
|----------------|----|

| Generic Name:                  |
|--------------------------------|
| leuprolide                     |
| Therapeutic Class(es):         |
| antine                         |
| Antineoplastic Agents (100000) |
| Antiretrovirals (081808)       |
| Antidepressants (281604)       |
| Antiemetics (562200)           |

Once you have selected it, you will see it has been added to the field. If you need to add more than one T-class, you can continue to type, and select as many as applies to the generic. Click "Add Generic" when ready.

| ADD NEW GENERIC:                        | ADD NEW GENERIC:   |             |

VIEW MORE Antineoplastic Agents, Gonadotropins CLASS <<< 100000, 681808

What if you selected the wrong T-class, and you need to change it, or remove it?

\* See below that Gonadotropin-Releasing Hormone Antagonists was selected incorrectly.

| rug Name    | Form      | Strength     |  |  |
|-------------|-----------|--------------|--|--|
| upron Depot | INJECTION | 30 mg, 45 mg |  |  |

CLASS <<< 100000, 924000

While in the drug editor, click on "Modify or Delete a Generic Drug"

| Add a Generic Drug              | Add a Brand Drug              | Add/Delete a Form Code |
|---------------------------------|-------------------------------|------------------------|
| Modify or Delete a Generic Drug | Modify or Delete a Brand Drug |                        |
| Display Generic Codes           | Display T-Class Codes         | Display Form Codes     |

Begin typing the generic name in the box, and select it when you see it, and press enter.

| MODIFY OR DELETE A GENERIC DRUG:  |            |  |  |  |
|---|------------|--|--|--|
| Enter the generic name (or partial name) of the drug(s) you wish to modify or delet |            |  |  |  |
| Generic Drug Name:  | leup       |  |  |  |
| Modify or Delete  | leuprolide |  |  |  |

## Click "Update" to the right of the drug name.

| Seneric Code | Name       | \$ / | Actions         |
|--------------|------------|------|-----------------|
| 11353        | leuprolide |      | Update • Pelete |
|              |            |      |                 |

You will see both T-classes in bullets under "Therapeutic Class(es)"

If you want to delete one, click the X on the bullet.

| Generic Name:  |           |
|--|-----------|
| leuprolide   |           |
| Therapeutic Class(es):   |           |
| Antineoplastic Agents (100000)   × Gonadotropin-Releasing Hormone Antagonists (92, 000)   × Select | a T-class |

If you want to add a T-class, place your cursor to the right of the last bullet (where it says "Select a T-class", and begin typing.

| Generic Name:                                       |  |
|---|--|
| leuprolide  |  |
| Therapeutic Class(es):                              |  |
| Antineoplastic Agents (100000)   × Select a T-class |  |
|   |  |
|   |  |
| Generic Name:                                       |  |
| leuprolide  |  |
| Therapeutic Class(es):                              |  |
| Antineoplastic Agents (100000) $\mid$ $	imes$ gona  |  |
| Gonadotropins (681808)                              |  |
| Antigonadotropins (681804)                          |  |
| Gonadotropins and Antigonadotropins (681800)        |  |
| Gonadotropin-Releasing Hormone Antagonists (924000) |  |

Once you have the correct T-class(es) in place, click "Save Changes".
