

# How to Update Crash Cart Expiration Dates in Aeroscout Mobileview

Login to GHS Connect and Launch the Aeroscout Mobileview Application. If you don't have the icon then request it from your Manager.

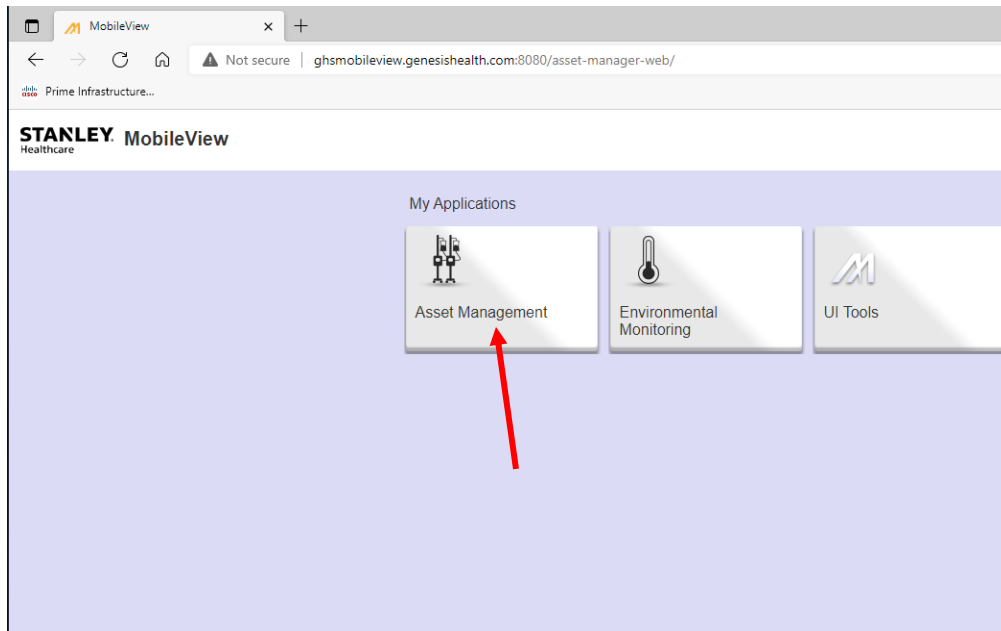

When launched you should see the login screen below. Enter your network/GHS Connect user ID and Password.

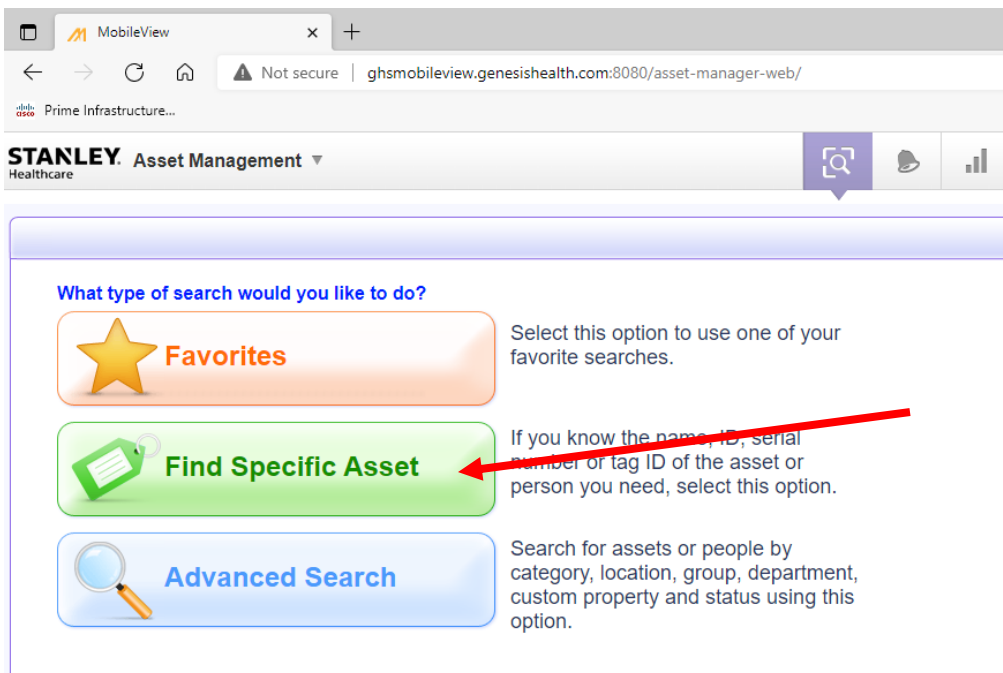

After successful login you should see this screen.

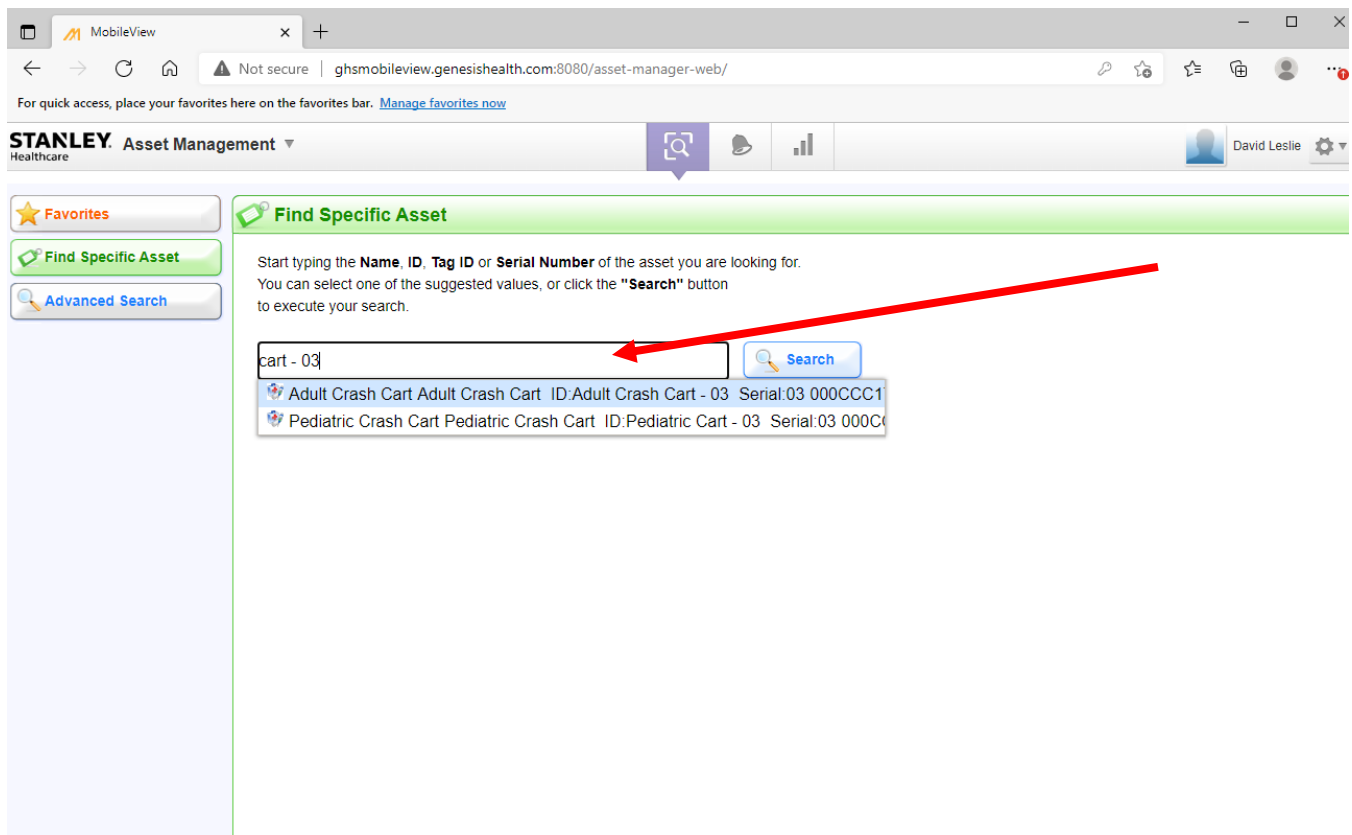

Click on “Asset Management”

On the Asset Management screen click on “Find Specific Asset”

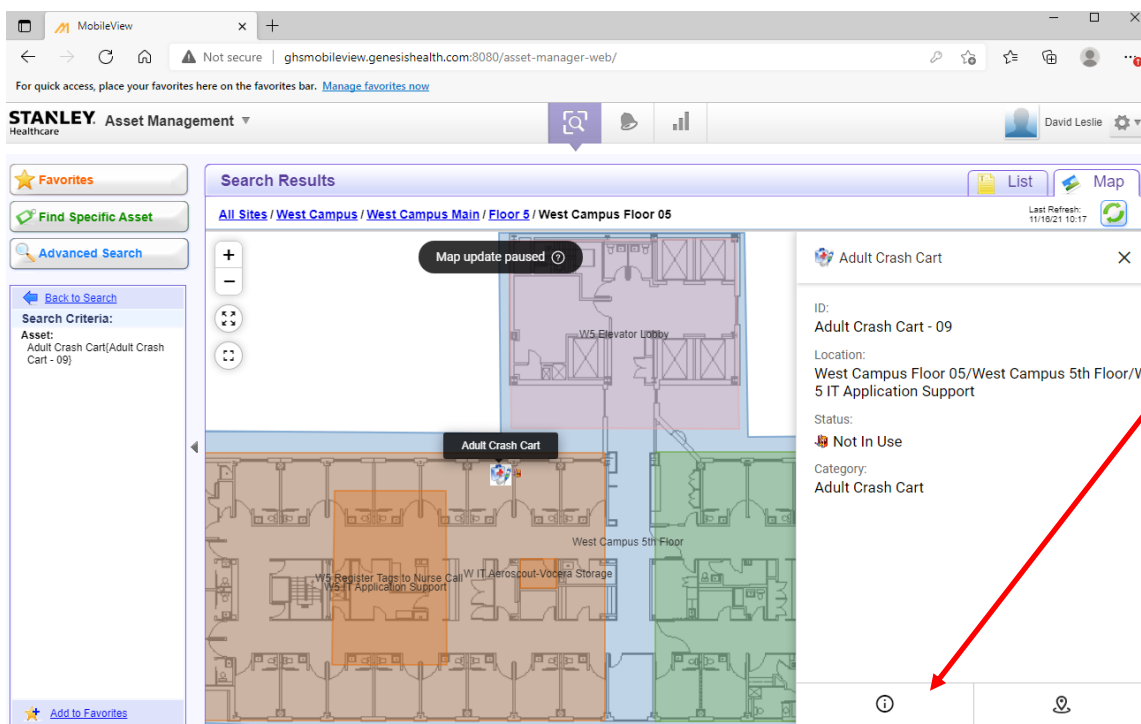

On the "Find Specific Asset" screen....enter the cart number (full or partial name will work).

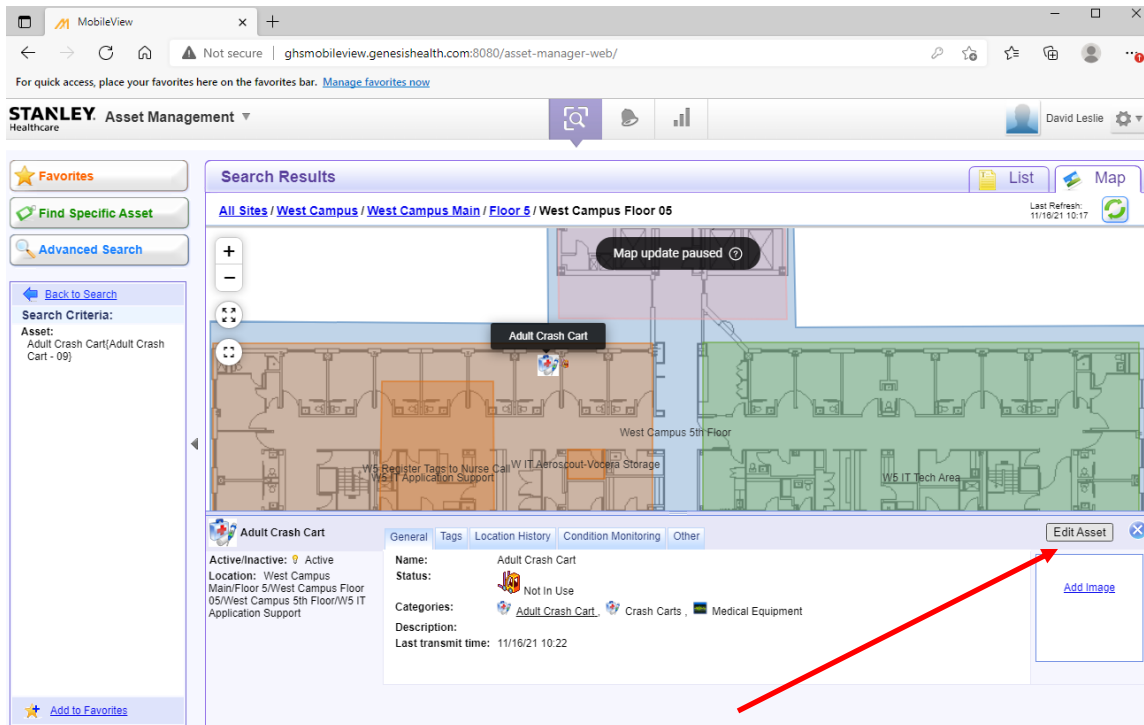

Select the Cart desired if presented with more than one choice.

Once Cart is selected you will be presented with the "Map View" of its approximate location.

Click on the link as shown.

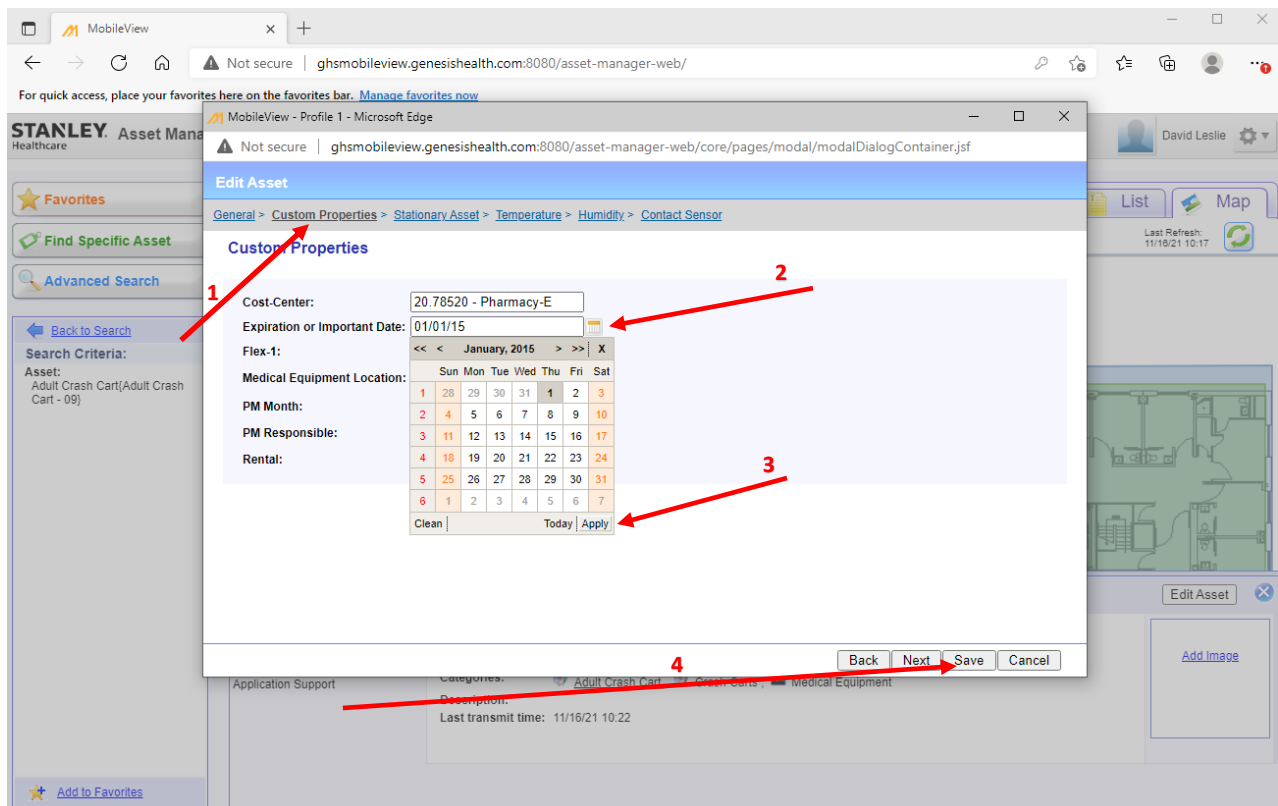

You will see the screen below....Select "Edit Asset"

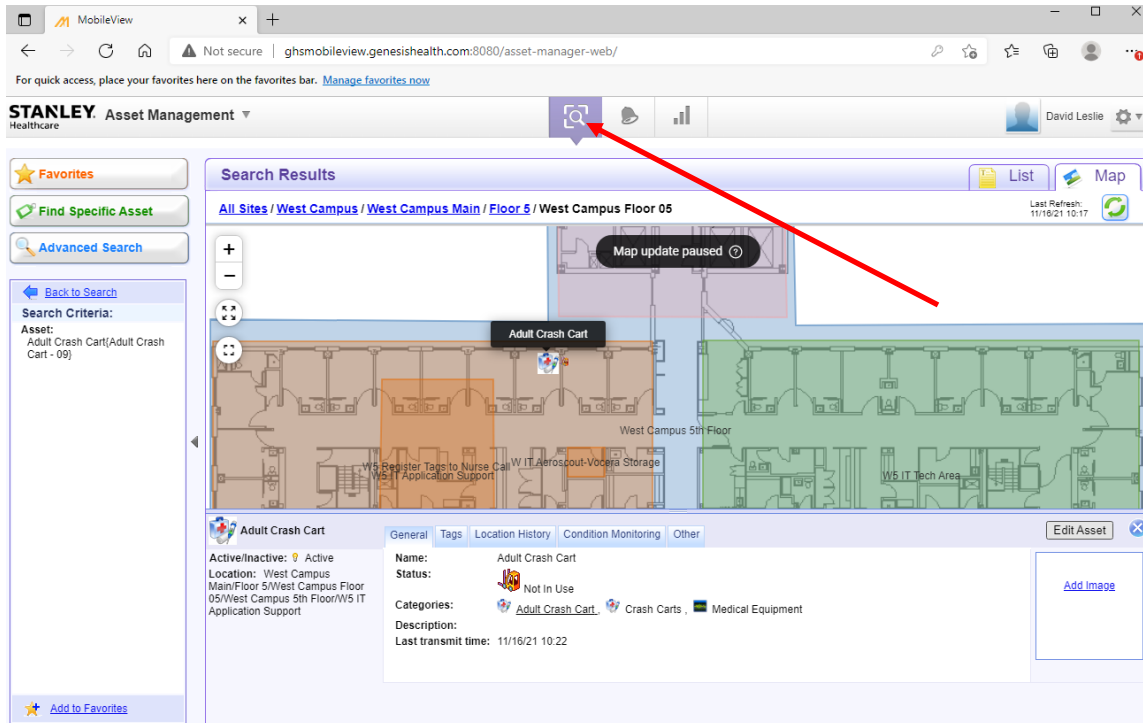

You will see the dialog box below.....do the following:

- 1 – Select "Custom Properties"
- 2 – Select the Calendar Icon next to the "Expiration or Important Date" field
- 3 – Select the appropriate date and click "Apply" (Double check that Date applies correctly)
- 4 – Click "Save"

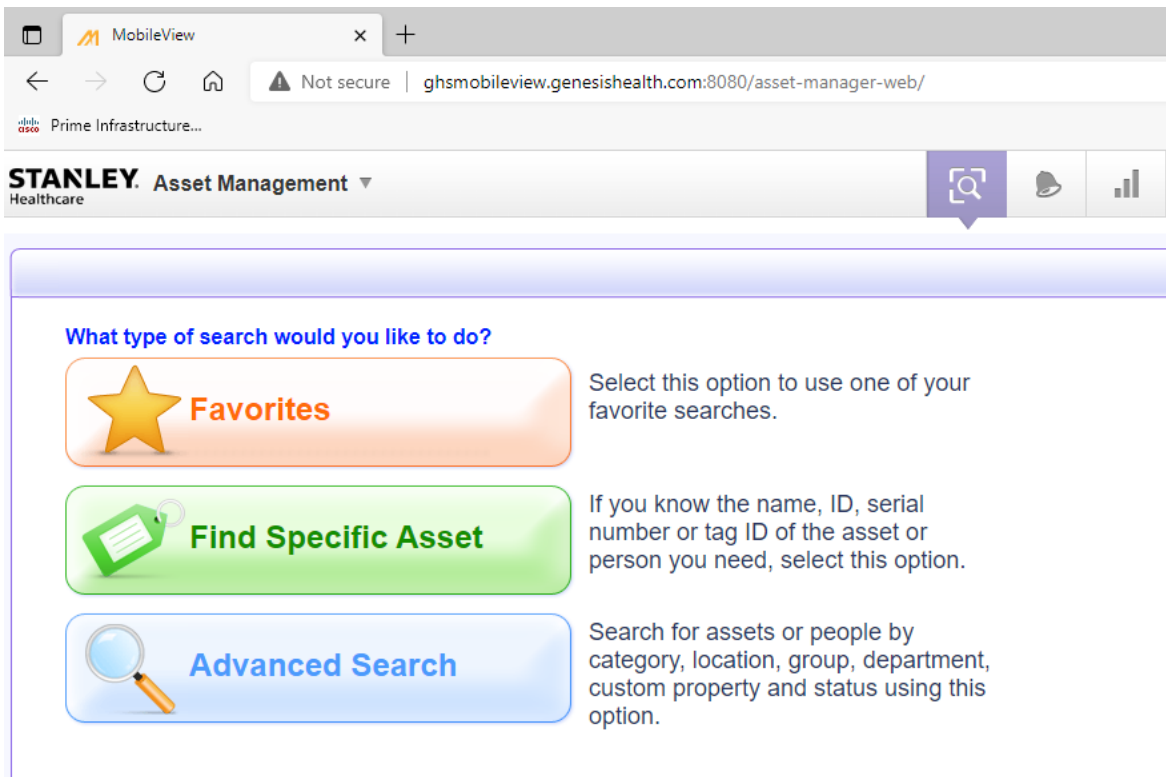

Once new data is saved you will be returned to the previous screen.

Click the “Search” icon at the top of the screen to be returned to the main menu

Returned to “Main Menu” screen

End.
