sulfamethoxazole / trimethoprim (Brand Names: Septra, Septra DS, Bactrim, Bactrim DS, Co-trimoxazole, Sulfatrim, Sulfatrim Pediatric, Cotrim)
sulfisoxazole (Brand names: Gantrisin, Gantrisin Pediatric, Truxazole)

QUINOLONES

ciprofloxacin (Brand Names: Cipro, Proquin XR, Cipro XR)
moxifloxacin (Brand Name: Avelox)
ofloxacin (Brand Name: Floxin)
delafloxacin (Brand Name: Baxdela)
lomefloxacin (Brand Name: Maxaquin)
gatifloxacin (Brand Name: Tequin)
norfloxacin (Brand Name: Noroxin)
nalidixic acid (Brand Name: NegGram)
levofloxacin (Brand Name: Levaquin)
Gemifloxacin (Brand Name: Factive)
Cinoxacin (Brand Name: Cinobac)
trovafloxacin (Brand Name: Trovan)
sparfloxacin (Brand Name: Zagam)

TETRACYCLINES

doxycycline (Adoxa TT, Oraxyl, Adoxa, Oracea, Monodox, Doxy 100, Vibramycin, Doryx, Acticlate, Adoxa CK, Alodox, Avidoxy, Morgidox, Ocudox, Periostat, Vibra-Tabs)
Minocycline (Brand Names: Dynacin, Minocin, Solodyn, Cleeravue-M, Minocin, Minolira, Myrac, Ximino)
tetracycline (Brand Names: Achromycin V, Actisite, Ala-Tet, Panmycin, Sumycin, Tetracap, Tetracon, Brodspec)
demeclocycline (Brand Name: Declomycin)
oxytetracycline (Brand Name: Terramycin)
omadacycline (Brand Name: Nuzyra)
sarecycline (Brand Name: Seysara)
eravacycline (Brand Name: Xerava)

THIAZIDES

hydrochlorothiazide (Brand name: Microzide, Esidrix, Aquazide-H)
chlorthalidone (Brand name: Thalitone)

metolazone (Brand names: Zaroxolyn, Mykrox)
chlorothiazide (Brand name: Diuril)
indapamide (Brand name: Lozol)
methyclothiazide (Brand names: Aquatensen, Enduron)
bendroflumethiazide (Brand name: Naturetin)
polythiazide (Brand name: Renese)
hydroflumethiazide (Brand name: Saluron)

SULFONYLUREAS

glipizide (Brand names: Glucotrol, Glipizide XL)
glimepiride (Brand name: Amaryl)
glyburide (Brand names: Glynase, DiaBeta, Glycron, Glynase PresTab, Micronase)
chlorpropamide (Brand names: Diabinese)
tolazamide (Brand names: Tolinase)
tolbutamide (Brand name: Tol-Tab)
gliclazide (Brand names: Gliclazide, Diamicron)

PHENOTHIAZINE ANTIPSYCHOTICS

chlorpromazine (Brand name: Thorazine)
prochlorperazine (Brand names: Compazine, Compro)
fluphenazine (Brand name: Prolixin)
trifluoperazine (Brand name: Stelazine)
thioridazine (Brand name: Mellaril)
perphenazine (Brand name: Trilafon)
fluphenazine (Brand names: Prolixin Decanoate, Permitil)
mesoridazine (Brand name: Serentil)

PHENOTHIAZINE ANTIEMETICS

promethazine (Brand names: Phenergan, Promethegan, Antinaus 50, Phenadoz)
chlorpromazine (Brand name: Thorazine)
prochlorperazine (Brand names: Compazine, Compro)
perphenazine (Brand name: Trilafon)
thiethylperazine (Brand name: Torecan)

OTHER PRODUCTS CONTAINING AMINOLEVULINIC ACID

Topical Levulan Kerastick

*This list is provided by NXDC for INFORMATIONAL USE ONLY. This list may or may not include all medications that can increase the risk of photosensitivity reactions when taken within 24 hours of oral administration of Gleolan (aminolevulinic acid HCL). This information is provided solely to supplement, but not to substitute the professional expertise and judgment of a licensed healthcare provider.

**griseofulvin is the only antifungal known to increase photosensitivity when taken within 24 hours of Gleolan. Please refer to package insert for other information.
