

Safety strategies that may be used to prevent look-alike sound-alike (LASA) medication errors:

- Store LASA meds separately in PYXIS - ADCs (automated dispensing cabinets) & pharmacy
- Barcode scanning of meds on administration and/or stocking
- TALLman lettering in Epic, PYXIS - ADCs, pumps & labels
- LASA accessory labels to alert staff in PYXIS - ADCs and pharmacy
- Pay attention to detail and read labels
